APPENDIX.

THE GARUDAMMA MEMORIAL SCHOLARSHIPS.

These were founded by Mr. B. S. Krishnaswamiengar, Retired District Judge, 4, Seshadri Road, Bangalore.

The endowment consists of a sum of Rs. 5,000 invested in the 6½ per cent Mysore State Loan. The interest thereon will be utilised every year for the award of four scholarships, each of Rs. 7-13-0 a month for ten months from the beginning of the academical year, to poor *Hebbar Srivaishnava Brahmin Students* prosecuting their studies in the College of Engineering, Bangalore, as detailed below, *one* in the 3rd year and *one* in the 4th year of the B. E. Classes (Civil Branch); and *one* in the 3rd year and *one* in the 4th year B. E. Classes (Mechanical Branch).

The continuance of the scholarship in the 4th year class to the holder thereof in the 3rd year class will depend upon his satisfactory work and conduct in the latter class. In awarding the scholarship to the 3rd year student *poverty* will be the sole ground, but in the award thereof to the 4th year student both *poverty* and *competency* will be taken into consideration.

If, in any year, the scholarships are not awarded for want of eligible students, the unspent amount will be disposed of by the University Council by award of scholarships or money-prizes to poor and deserving *Brahmin* students in any of the Colleges in the Mysore State, *Hebbar Srivaishnava Brahmins being always preferred.*

In the event of the present investment being changed and the annual interest accruing therefrom becoming less, the value of the scholarship may, if that deficiency is not supplied by the members of the donor's family, be proportionately reduced by the University Council.

Notification No. 1950, *dated the* 31*st July* 1927.

Doubts having arisen as to the interpretation of Rule (iii), (iii) of the Differential Minima Rules issued with Government Order No. E. 5303-5—Edn. 61-23-57, dated the 31st March 1927, whether candidates at the S. S. L. C. Examination of 1927, who have been declared eligible for admission to College Courses of study and disqualified from taking Science for the Intermediate Course will, under the aforesaid clause, be ineligible to take up Intermediate in Science Course leading to Medicine or Engineering, it is hereby notified as follows:—

1. All candidates who have been declared eligible for admission to College Courses of study and have obtained 35 per cent in Elementary Science and 35 per cent in Elementary Mathematics or Additional Mathematics will be eligible to take up Intermediate in Science Course leading to Medicine.

2. All candidates who have been declared eligible for admission to College Courses of study and have obtained 35 per cent in Elementary Science will be eligible to take up Intermediate in Science Course leading to Engineering, provided they have obtained 40 per cent in Elementary Mathematics or 35 per cent in Additional Mathematics.

3. The question of admission to these two courses will depend upon administrative convenience of the Education Department regarding staff, accommodation, etc., in the institutions in which provision has been made for these courses.
